Leena,
Let's shoot for next Thursday, October 15 at 10am. If the date or time needs to change, I will let you know. I have an email request for more data for the Allison Transmission site from EPA. I'll let you know if they provide more reports with well constructions logs.
Thanks,

Erin Brittain

Subject: Meeting Next Th?

Erin,
Thanks again for keeping us posted on the 'VC in the residential wells' front. I talked to John, and Thursday of next week (in the a.m) would work best for him for our meeting.

We are currently reviewing some of the Allison Transmission files you sent us Erin and will have a feedback for you. Can you possibly send us well construction information for the Allison Transmission wells that we can review?

We can also highlight some other potential sources (from our detailed city directories' research) which cannot be ruled out.

Thanks Erin!
Leena
